UNEMPLOYED OF PASS BACK NEW COAL SCHEME

The attendance at the unemployed rally on Monday afternoon was not as large as expected and disappointment was expressed in that the miners of the district and the business people did not manifest greater interest in the movement.

In the parade various banners were displayed, carrying such mottoes as "Sell Canadian Coal to Canadians," "Demand the right to live and work," "All taxpayers go on tax strike until the government (provincial) instigate a provincial fuel policy," and "All industries go on a six-hour four-day week to create employment for the unemployed of the province." Motions supporting these mottoes were passed to be forwarded to the proper authorities.

Between four and five hundred assembled in Blairmore, where an open air meeting took place near the depot, with J. Price, of Bellevue, in charge. Speakers included Mayor Williams, Rev. R. Upton, S. G. Bannan, J. Serra and others.

The main motion read: "Be it resolved, that this mass demonstration, gathered in Blairmore, demand some action by the provincial government to investigate the deplorable conditions existing here; and further, be it resolved, that this meeting demand that the department of lands and mines instigate and give financial assistance to some committee, representative of the entire coal industry of Alberta, to establish the machinery whereby a campaign can be carried on to sell Canadian coal to Canadians."

At the annual convention of the Alberta Teachers' Association, held in Calgary this week, Dr. M. E. LaSalle, of Edmonton, was re-elected president, and J. W. Barnett, of Edmonton, was re-elected secretary-treasurer, with the following executive: Gordon G. Harmon, Edmonton; W. C. Frickleton, Calgary; J. A. Smith, Paradise Valley, central Alberta; F. J. Edwards, Wayne, south-eastern Alberta; W. E. Kostash, Hairy Hill, northwestern Alberta, and H. G. Teskey, Taber, southwestern Alberta.

PASS MUSICIANS GIVE FINE CONCERT, LETHBRIDGE

Guest artists from the Crows' Nest Pass presented a delightful program at the Women's Musical club April meeting at the Marquis hotel on Tuesday evening, which included chamber music, violin, vocal and piano numbers. The performers were the pupils of Mr. W. H. Moser and Mrs. Madeleine Chardon Pinkney, of Hillcrest and Blairmore, and the high calibre of performance reflected great credit on the teaching. These young artists from The Pass brought a real musical treat to Lethbridge, and it is regrettable that a larger number of people were not present to enjoy it.

Opening the program, a string quartet, composed of Frank Hosok, Lawrence Fisher, George Kerr and Mr. W. H. Moser, played the third and fourth movements of Haydn's Op. 48 with fine tonal blending and good musical perception. They were also heard to advantage in selections by Bach, Zolner and Schubert.

Miss Freda Antrobia, a young pianist of unusual ability who has performed here on previous occasions, was afforded a warm welcome and delighted with her interpretation of Chopin's Valse in E Minor and Medner's "Fairy Tale." Miss Olwen Brown, another very young pianist, displayed splendid technique and gives musical promise.

The rich, clear soprano voice of Mrs. G. Steeves, which combines sympathy with artistic appreciation, was one of the high lights of the program, and her varied selections were greeted with rounds of applause.

Lawrence Fisher is a young violinist who has played here on previous occasions, and his work is marked by tonal and rhythmic fluency and a fine feeling of sensitiveness as shown in "Meditation from Thais."

Playing with fluency and fine musical interpretation, Frank Hosok played himself a talented young violinist as he played a number of difficult selections. "He has a fine technical background and his work shows brilliance. The selections included De Bériot's "Air Varié," No. 7 and "Melodie" by Bloch.

A very finished performance was given by Miss Edna McLaughlin Graham, M.R.S.M., pianist, who played Brahms' "Rhapsodie in G Minor" and "Cradle Song." She possesses a splendid technique, making the most intricate passages appear easy and effortless and she gave a masterly presentation for so young an artist. Another brilliant young pianist was Miss Isabel Westrup, L.R.S.M., A.T.C.M., who is a versatile performer. Her solo work and accompanying were very finished and she played the jaunty melody, "The Elf," with dazzling ease. Another pianist who was much enjoyed was Miss Georgette Dau, who played two well contrasted numbers in Greig's "Notturno" and "The Little White Donkey" by Jacques-Hurt.

Miss Westrup and Frank Hosok presented a piano and violin duo which formed a delightful musical picture, both playing with lyric understanding, the numbers including John Ireland's "Poco Lento Quasi Adagio" and "Second Movement from Sonata in A Minor." Modern music is a fine test of violin virtuosity and the young artist proved himself an able interpreter with the pianist giving full support.

Flashes of brilliance and exquisite tone marked the violin playing of Gordon Findlay in "Scene de Ballet." Although a little unsteady in some passages, this young musician gives unusual promise.

George Kerr, whose fine violin playing is well known in Southern Alberta, gave a musical treat in "Polka de Polonaise," playing with a fine appreciation of the composer's intentions. He has pleasing assurance and plays with ease and musicianship. A violin ensemble of five players

TRAIL WINS ALLAN CUP

The Trail Smoke Eaters left no doubt in the mind of anyone as to who should be entitled to the 1938 award of the Allan Cup, emblematic of Canadian senior amateur hockey championship, by defeating the eastern contenders, Cornwall (Ontario) Flyers, three games out of four. The score for the fourth and final stanza was Trail 3, Flyers 1.

The opener for the finals was played at Saskatoon; the second of the series at Calgary arena on Saturday night, the third at the same place on Easter Monday, and the final Wednesday night. The third was awarded the Flyers with a 2-1 score.

Following the final game, the cup was officially presented to the Smoke Eaters through their captain, Dave Duchak.

The Smoke Eaters were accompanied to Calgary on their special G.P.R. twelve-coach train by the famous 26-piece Trail city band, which at intervals paraded the big city streets and helped to enliven matters between periods of the Saturday and Monday games.

Six hundred of the eight hundred Trail-Cranbrook-Kimberleyites returned by the following Monday night's game, the balance accompanying the team home last night.

During their stay in Calgary, both big teams were banqueted or otherwise entertained by the Elks' Lodge, plus Lloyd Turner, and the City of Calgary.

LIBRARY NOTES

For Easter holiday reading, a number of new books were added to the children's department of the Blairmore Public Library. Others are on order and should be received shortly. Every effort has been made to cater to different tastes and ages. Books include tales of adventure, appealing to boys and girls, animal stories, etc. Ward-Lock's "Wonder Book of Electricity," with its multiple illustrations and interesting articles is among the new additions, and "The Wonder Book of the Air," reportedly one of the most popular books in the Calgary juvenile library, is among the books ordered.

Fiction recently added includes "Tale of Bali," Vicki Baum; "Northwest Passage," Kenneth Roberts; "Oil for the Lamps of China," Hobart; "Turnip Tops," Belleau; "Stella Dallas," Prouty; "Mutiny on the Bounty" and "Men Against the Sea," Nordox and Hall.

Mike Moxin, proprietor of the Oxford hotel at High River, received word from Vancouver on Monday morning that his youngest brother had been killed there. Mr. Moxin and his three daughters proceeded to the coast by car immediately, stopping over night in Blairmore enroute.

Cornwall city council is one civic body that considers hockey fame valuable advertising. They voted the Flyers \$1,500 for the publicity they have brought the textile city—and handed the team the cash before they entrained for the west. Cornwall, on the eastern boundary of Ontario, has a population of approximately 12,000—Ex.

Mr. Evan Morgan, accompanied by Mr. D. Morgan and Miss Megan Morgan, visited Mr. and Mrs. James Matthews for a few days enroute to the Crows' Nest Pass from Edmonton. Mr. Evan Morgan, formerly of Wayne, has been appointed mines inspector for the Crows' Nest Pass area, with headquarters at Blairmore. —Wayne note in Drumheller Mail.

concluded the program with "Pavani and Chorale." It was a brilliant finish to a splendid musical performance. The artists covered themselves with honor and gave a real musical treat to the Lethbridge Women's Musical club.

NEWS FROM EDMONTON (By T. B. Windross)

EDMONTON, April 18.—The scene of political action had shifted as this week opened from the provincial capital at Edmonton to the towns, villages and farming communities throughout the province.

In all of them the deeds of the legislative session, which closed earlier in the month, were being studied and valued, and each constituency was getting ready to ask its member some questions about his actions, and the actions of the whole house, when he shows up to present his own report. The production tax, by which the government was given power to take from every farmer seven per cent of the farm's production in goods or in money, came in for more heated and more widespread condemnation from farming communities and agricultural interests than has greeted probably any other piece of legislation adopted by any Alberta legislature for many years past. The protests against the act came from virtually every corner of the province, and from drouth areas as well as from the districts which always have good crops. It came from livestock producers, dairymen, wool growers, sugar beet growers and vegetable growers, as well as from farmers producing only grain.

One big protest meeting was held at Whitecourt, near Lethbridge. There farmers declared that the act would increase their individual tax, levied by the provincial government, as much as 10 times.

Norman E. Priestley, vice-president of the United Farmers of Alberta, recorded the protest of that organization, as an extremely conservative estimate, he said, doubled taxation would be the result of the act. Ratepayers of the Lethbridge Northern irrigation district went on record as opposing the act strenuously and asked their executive to place the proposition before the government. At Lloydminster, Social Credit supporters were among the first to protest. A \$25 dividend sounds much better to farmers than a seven per cent tax, said one of them. Another farmer said he viewed with alarm "the tax on energy for the support of laziness." Still another described the act as "obtaining money under false pretences."

Meantime, Premier Aberhart was banking in Easter sunshine on the Pacific coast, taking a holiday. Other government officials explained an amendment which had been inserted into the act as meaning that the seven per cent tax was in effect a lien on that portion of the farmer's production until it was produced and marketed, at which time the government would collect the tax. If the produce were marketed at a loss, the official, then it would not be taxable, although the government would retain its lien on seven per cent of the total. Social Credit leaders claimed that the hostile attitude of many farmers had been changed at Social Credit meetings, "when the tax was explained to them."

An announcement about the date of the reference of the act to the supreme court of Alberta for a ruling on its validity had been made as this week opened, although it had been stated by the government during the legislative session that the reference would be made to the court "as soon as possible," and that the act would not be made effective by proclamation until after that had been done, and in any case it would not be effective this year. Some possibility was seen that as a result of the storm of resentment raised throughout the province by the legislation, the whole idea of a production tax would be dropped.

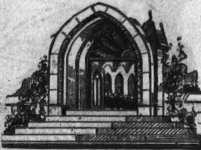

Municipalities would be among the hardest hit by the act, since "it takes from municipalities the control of municipal financing—something upon which they have been very little content," declared one of the leading law authorities in the province. The provisions of the act make it possible for the minister to upset the assessment roll of any municipality and deprive it of expected revenues, he said.

At the end of another fiscal year of the Dominion government drew near, many towns throughout Alberta still were wondering whether they and the districts surrounding them would be deprived of banking service as the result of the new increase in the provincial government's tax on banks. The new additional tax of \$100,000 means that the banks must pay the provincial government a total of \$325,000 (correct) during the next year.

All except a few of the 200 bank branches operating in the province now are being operated at a loss to the banks, and fears have been expressed that the banks may be forced to close at least some of the losing branches, which up to now have been kept open as a service to the province's rural population. Because a large amount of that \$325,000 provincial government tax on banks is levied on a per-branch basis, the banks are anxious to close down branches on which they already are losing money.

It remains the individual problem of each community whether its bank will remain open in view of the provincial government's taxation, which has been increased each year since the present government came into power.

Bill Bell and daughter, of the Grand Union hotel, returned to Coleman from Calgary on Thursday, having taken in the three Allan Cup playoff games.

"Serve the Church that the Church May Serve You."

CENTRAL UNITED CHURCH

NAZARENE MISSION—COLEMAN

An old-time gospel mission, Main Street, west. Missionaries: C. H. Mooshian and G. Berglund. Strangers and visitors always welcome.

Sunday: Sunday at 11 o'clock, morning worship. Sunday school at 1 p.m. Evangelistic service at 7:30 p.m. Tuesday at 7:30 p.m., prayer, praise and testimony meeting. Friday at 7:30 p.m. gospel service.

Safety, speed and convenience have been considered by Trans-Canada Airlines in the purchase of ten Lockheed 14's, two of which will be delivered from Burbank, California, this month. The new craft, having a cruising range of 1975 miles, are capable of 250 miles an hour, and boast luxurious accommodation for eleven passengers, as well as space for a crew of three. Trans-Canada planes now in service between Winnipeg and Vancouver, of experimental daily flights, are carrying mail only. The Winnipeg-Montreal section of the route is expected to be in operation this summer.

Pincher Creek Oddfellows last week celebrated the anniversary of the order, and also of their lodge, by holding an At Home in their hall. A splendid programme of vocal and instrumental music, dancing, etc., was rendered. Artists from near and far were on hand to assist, including Harry Harrison, of Bellevue; Frank Edl, of Frank; O. L. and Miss Arlene Reinicke, of Claresholm; Mrs. Dickmeyer, of Claresholm; Bill Noble, of Staveland; Sandy Durham, of Cayley; Miss Helen Lang, of Medicine Hat; Cartoonist Thornbur, of Coleman; McMurdo and Tayson, and Misses Edna McLaughlin Graham and Mae Allison, of Pincher Creek. The Ambassadors' orchestra furnished music for dancing which followed a dainty luncheon.

NOTICE

OUR BLAIRMORE STORE WILL DEFINITELY CLOSE ON SATURDAY, APRIL 23rd.

We wish to take this opportunity of thanking our many patrons and friends in Blairmore and vicinity for the kind relationships enjoyed in the past.

SEES CANADA AS THE HEART OF BRITISH EMPIRE

London.—Canada as the heart of a remoulded consolidated British Empire, its vast spaces peopled by millions of new settlers, enjoying the fullest measure of prosperity and security, is the plan envisaged by R. A. Pitt-Rivers, English author-economist, as a means of saving the Anglo-Saxon race from ultimate extermination.

Scrap the British Empire as we know it to-day and build anew, is the challenge sounded in his latest book, "The Next British Empire," a book that has caused considerable discussion.

"The Anglo-Saxon race, Mr. Pitt-Rivers declares, must find a new home—an unconquered land of wide expanse and rich endowment, where life of the future can be lived to the full by upwards of 60,000,000 people. "Germany would be doing it already if she had permission to colonize Canada," the author proceeds. "We are tired of a purposeless national existence between slumps, booms and wars. We are sick to death of Europe and its smoldering flames. We want leadership to get us out of it and we can while we get the ships, men and money, and a place to go to. If we delay much longer, we shall not have that."

The author admits that even to use Canada as a convenient outlet for Britain's population, with safeguards for her security, might be somewhat unflattering to her pride. "I take it, however," he adds, "Canada does fear invasion if she remains so sparsely peopled, that she does hold possibilities of further development by European or by an intruder, and that she is prepared, if necessary, to pay a certain price for security."

"Would it appeal to her pride to be asked to take over the leadership of the Empire, to become the principal state of the commonwealth and to receive the crown, the imperial government and the arbitration of Anglo-Saxon destinies?"

"Does she prefer to be the possible swimming-ground of Asia or does she wish to be the home and sanctuary for liberty, civilization, culture and tradition?"

"I will add, that this extravagant dream, if you think it, by Japan is not by ourselves."

The author suggests his proposal for rebuilding the Empire should not be tackled until Britain is strong enough to defend herself against the growing danger of aggression.

Britain should then launch upon a long-range program of transferring the bulk of her population to Canada, preferably in the western provinces.

Mr. Pitt-Rivers suggests the migration flow might be extended over a period of 15 years, with an average exodus of about 1,000,000 annually.

The chief effect of the proposed migration plan would be to bring Canada's second-best customer right into her shop. New industries, planned and located in advance, would demand fresh labor instead of competing with workers already there and the enlarged population would swallow the output of every factory in Canada and Great Britain for at least 20 years. Rapid stimulus of business activity and ever-expanding markets, eventually would make the new seat of Empire the envy of the world, the economist agrees.

As part of his scheme, Mr. Pitt-Rivers would be willing to surrender most of Britain's colonial possessions. Even India and South Africa should be released, if necessary. As for the rest he would advocate: "A varied collection of islands, bird-sanctuaries and whaling stations for disposal by a prosperous gentleman about to retire from estate speculation and settle down with one of his children."

Expionage Charge
Washington.—Representative Scott (Democrat, California), told United States house of representatives, German, Italian and Japanese espionage agents were "working together" in the Panama Canal Zone. The Californian said he obtained his information from a magazine writer in whom he had great confidence. He did not name the writer.

Royalty Watches Mimic Battle
Aldershot, England.—The King and Queen watched the mechanized army demonstrate its firepower and mobility in a mimic battle here. They gazed through a haze of smoke and dust, thrown up by exploding shells, at the array of tanks, armored cars, field and machine guns engaged in the manoeuvres.

Japan Fears Russian Attack

Sending Best Troops To Guard Border of Manchoukio
Tokyo.—The danger of conflict with Soviet Russia is increasingly claiming the attention of Japanese leaders and the public.

In informed quarters it was understood Japan recently moved some regular army units from China back to Manchoukio to man the border of Manchoukio and Korea. These forces have been estimated at between 200,000 and 300,000.

Many Japanese leaders have been described as advocates of an attack on Russia before the Soviet army could strike.

The foreign office spokesman expressed widespread feeling when he said in comment on alleged mistreatment of Japanese in Russian Sakhalin: "If Russia care to aggravate the situation we will not hesitate to respond."

Tokyo newspapers gave prominence to a statement attributed to Marshal Vassily Blecher, commander of the Soviet far eastern army, that: "Now is the time to fight Japan."

(Japanese and neutral military writers have agreed Japan's best divisions were not being sent to China but to northern Manchoukio. Recently there have been reports the Tokyo high command refused to send additional divisions from the homeland to reinforce the armies which have met reverses or been held to a stalemate in central China.)

Had Brilliant Career

Feodor Chalapin, Celebrated Russian Singer, Dies in Paris

Paris.—Feodor Chalapin, one time showman's apprentice, whose magic voice carried him to world-wide operatic fame, died here at the age of 65.

The celebrated Russian basso long had suffered from a kidney ailment and his condition became critical. Attending physicians said he was in a coma for several hours before his death and suffered little or no pain.

As far back as Chalapin could remember—and he always was proud of his humble beginnings—he loved to sing. He sang the rich folk songs of his native land as a boy playing in the fields near his home with his closest chum—Maxim Gorki, who later became one of the greatest Russian writers. Later he volunteered to sing in a choir and he sang so much at his work as a cobbler's apprentice for five cents per 15-hour day that he was discharged.

As Don Quixote in "The Barber of Seville," as Mephistopheles in "Faust," and Don Quixote and Tarzan he carved for himself a lasting niche in the operatic hall of fame.

Meteorological Service

Forecasts For Aviators From The Trans-Canada Air Line

Toronto.—John Patterson, head of the meteorological bureau, announced a 24-hour meteorological service would be ready when the Trans-Canada Air Lines extends its lines eastward.

"We are all set for a Trans-Canada service so far as the service from Winnipeg to Vancouver is concerned," said Mr. Patterson. "The stretch from Winnipeg to the east still requires some further study."

Weather stations for preparation of forecasts for aviators will be located at Vancouver, Lethbridge, Winnipeg, Toronto and Montreal, as well as the one, now at Botwood, Newfoundland.

Social Reforms For Egypt

Government Has Program That Will Benefit The Peasants

Cairo, Egypt.—The King Farouk told the new parliament an Anglo-Italian agreement would be the "surest guarantee of peace."

The speech from the throne was delivered by Premier Mohammed Mahmoud Pasha. It said the government's first duty is to provide Egypt with adequate defenses and promised the air force would be reinforced rapidly. It also outlined a social reform program to raise the standard of living of the Egyptian peasant.

Heads Blesley Team

Ottawa.—Lieut.-Col. D. Fraser, officer commanding the Princess Louise Dragon Guards, Ottawa, will command the 1938 Canadian Blesley team, the Dominion of Canada Blesley Association announced. Captain W. Worlock of Winnipeg will be adjutant.

Pavilion Rebuilt

Glasgow.—Reduced to a pile of tangled timbers by a terrific gale on February 1, the Canadian pavilion at the British Empire exhibition, Bellahouston park, is rapidly nearing completion.

Would Better Conditions

Business Men Advised To Take More Interest In Public Affairs

Vancouver.—Business men were urged to take a greater interest in public affairs by Erick F. Willis, leader of the Conservative opposition in the Manitoba legislature, when he addressed a dinner of the Vancouver junior board of trade.

The more interest they took, he said, "the better the conditions and legislation that will result."

"This will be followed by less expenditures and waste, which automatically will be reflected in less taxation."

The business man should know his political representatives, Mr. Willis continued, for only by such knowledge could he gauge the probable actions of those to whom he had delegated the authority to govern.

JAPANESE ARE ON THE DEFENSIVE ON A WIDE FRONT

Shanghai.—Foreign military observers believe the Japanese are in an extremely difficult military position in South Shantung province, where they are being driven back by the Chinese along the 150-mile battle front.

Continuing their aggressive tactics, the Chinese said they had taken Chifu, Chinese said they scaled the walls of Chifu and engaged the Japanese in hand-to-hand combat.

The Chinese said they occupied hills surrounding Yihsen, on a spur line east of the Tientsin-Pukow railway, in a night attack and were engaging the Japanese defenders of that city in a sanguinary battle. Centre of fighting shifted to Yihsen, according to the Chinese, after they drove the Japanese from Taitsehwang, 25 miles to the southeast.

Reinforcements by thousands were being rushed into the Shantung war zone by Japanese in an effort to repel the Chinese offensive.

There was every indication the Chinese, while hammering mercilessly at the Japanese all along the line, do not intend to meet the reinforced Japanese armies in the middle of Shantung province.

They plan instead to keep the conflict on their own chosen ground in the southern part of the province, where the Japanese will have to use extensive supply and communication lines, always in danger of being cut by guerrilla raiders.

The vanguard of Japanese reinforcements sent from Tientsin already have met Chinese in a series of spirited engagements about 40 miles west of Taitsehwang, where Chinese have claimed victory.

While fresh Japanese troops sped from the north, the seriousness of the situation was emphasized by departure of nearly a division of Japanese forces from Shanghai by sea, presumably for Tientsin.

Air Raid Precautions

London.—Obscure the lights, clear the loft, attic or top floor of all that might be set on fire by incendiary bombs, are orders given by the government in a new air-raid precautions handbook.

DIVA GIVES EASTER BUNNY A HIDE

Sailing from New York for a concert tour of Europe, Lily Pons, opera and film star, carried with her a huge Easter bunny which she is taking to a little niece in France.

NEW FRENCH PREMIER

Following the fall of Premier Leon Blum of France, M. Daladier (above), War Minister, has been given the difficult task of forming a new Government. Finance was responsible for the defeat of the Blum Government in the French Chamber of Deputies.

Test Planes

New Trans-Canada Aircraft Said To Be Fastest On The Continent

Winnipeg.—Initial test flights of the first two of 10 Lockheed 14 monoplane ordered by Trans-Canada Air Lines, will be made at Burbank, California, before members of T.C.A. personnel who will pilot the machines to Vancouver after satisfactory completion of the tests.

With a 290-mile-an-hour top speed and a cruising range of 220, the new Trans-Canada craft are classed among the fastest airliners on the continent. They boast luxurious accommodation for 11 passengers, as well as space for the crew of three, and have cargo capacity of 2,700 pounds.

A fuel capacity of 534 gallons permits a cruising range of 1,575 miles from the two Pratt and Whitney motors. The wing span of 65 feet, six inches measures approximately 10 feet greater than that of the Electras in which pilots are now conducting experimental flights across western Canada. Forty-four foot, four inches is the overall length and the planes, fully loaded, will weigh 17,500 pounds.

Apathy In Government

Says Time Has Come For More Aggressive Action

London, Ont.—A. R. Mosher, president of the All-Canada Congress of Labor, told the eighth annual convention banquet the congress "is not attacking the government, it is attacking the system and the apathy of the government."

The time "has come for more progressive action to remove those things that stand in the way of a more abundant life for all," Mr. Mosher said.

He denied news reports the executive board of congress is urging political action.

Smuggling Plot

San Francisco.—Seven men were questioned as federal and California authorities investigated a smuggling plot in which \$40,000 worth of narcotics was landed in San Francisco from the United States navy transport Chaumont.

Heavy Wheat Buying

May Indicate Britain Is Filling All Available Storage Space

London.—Continued heavy buying of wheat cargoes convinced dealers on the Baltic exchange that the British government has ordered leading millers to fill available storage space and maintain a three-month supply as a phase of national defence.

During a three-day period 30 cargoes totalling about 14,000,000 bushels were taken up by leading buyers. Normal buying is about six cargoes a week.

Prices, however, have not responded in full measure to such large transactions, rising only by the equivalent of six cents a bushel. This perhaps resulted from the fact that most of the buying was confined to one miller and spread over numerous positions.

Official confirmation of a government hand in the buying was lacking, but dealers believed an official statement would be forthcoming shortly.

Children Fire Victims

Three Burned To Death When Flames Destroy Farm Home

Frutthomme, Sask.—Trapped in a two-story farm house which burst into flame when coal oil was used to light a fire, three children of Mr. and Mrs. Ernest Grise were burned to death at 7:40 a.m. Three other children were rescued by their mother, and four more escaped the tragedy by being away at mass. Mr. Grise is now at Ste. Hyacinthe, Que., where he is seeking work.

The three victims of the fire were Dolores, eight; Rolande, seven; and a baby, aged five months. Mrs. Grise saved Rene, nine; Berland, five; and Armand, three.

WIDER POWERS FOR DALADIER IN FRENCH CRISIS

Paris.—The chamber of deputies, by a vote of 506-12, approved Premier Edouard Daladier's request for power to govern France by cabinet decree for three months.

The bill was presented to parliament as an emergency measure to enable the new government to cope with the present financial and labor problems and was approved.

The chamber gave the premier a 576-5 vote of confidence, while the senate greeted his outline of policy with almost unanimous approval. Floation of a 15,000,000,000 franc (about \$450,000,000) national defence loan is chief among projected measures of the government, drawn from moderate left and centre parties of parliament.

This power, as the bill now stands, will lapse automatically July 31, or on any previous date on which parliament may decide to adjourn its present regular session. Whatever decrees are issued will take effect immediately, but must be ratified by parliament before Dec. 31.

Daladier also made a big start in settling labor disputes which at their height found 160,000 strikers occupying France's key national defence factories.

This number was reduced to 140,000 when an arbitrator appointed by the government sent 20,000 strikers in aviation plants back to work. Further progress was achieved when employers and "stay-in" strikers in the plants still deadlocked agreed to submit their differences to arbitration.

Before the confidence vote, Daladier advised parliament the destiny of France was at stake and insisted that in the face of a rearméd Europe every one of France's internal weaknesses undermined the nation's security.

The first reaction was announcement by Jacques Duclos, secretary of the Communist party, that strikers in the nationalized aviation factories—numbering about 20,000—were ready to return to work. Duclos is a deputy.

Duclos' announcement was confirmed by the minister of air, Guy Lachambre, who said the strikers agreed to work 45 instead of 40 hours a week, with an increase in pay of 75 centimes (about two cents) an hour. They originally demanded an increase of two francs an hour (about six cents).

The workers' decision was made known after Daladier stated in the chamber the government would take steps to keep the armament factories in operation, regardless of strikes.

Deputies considered the premier's decision as a warning that he would mobilize strikers and send them back to work as soldiers, a status which would make quitting equivalent to desertion.

NATIONAL UNITY IS URGED BY RT. HON. R. B. BENNETT

Toronto.—Rt. Hon. R. B. Bennett, Conservative leader, urged young Canadians to think in terms of Canada and to make a contribution to national unity. Grave as were such Canadian problems as those of unemployment and railways they could be solved if Canadians would think in terms of the nation, instead of thinking of provinces or sections.

"Now that I am about to join the vast army of unemployed," said Mr. Bennett, "all I wish to say to you is that there is no provincial boundary in your patriotism."

Mr. Bennett addressed the young men's section of the Toronto board of trade and said he was induced to speak as he did only because of the gravity of the present situation. It was a commonplace that there had never been less unity in Canada than to-day.

"Yet," he said, "the spirit that made possible what Canada did from 1914 to 1919 can win through to national unity."

Only recently, said Mr. Bennett, a speaker in the Nova Scotia legislature had said the place to erect a statue to Sir Charles Tupper was not in Halifax but in "Upper Canada." Sir Charles Tupper had made confederation possible.

"And provincialism manifests itself in this day and generation by someone saying, 'Go to Upper Canada and stick a monument to him there.'"

That was just an illustration, he said. All across Canada people were talking of provincial rights "as if there were nine sovereignties when in fact there is but one and that sovereignty is Canada."

The former prime minister, about to retire from party leadership, hinted his discussion on national unity on an announcement of plans for the young men's section of the board of trade to make a goodwill visit to Detroit. He did not wish to be misunderstood, he said, but he thought Canadians should know Canada before they knew any other country. He would like to see such trips to western Canada, the Maritimes and Quebec.

Much was heard of the money being spent on the drought-stricken areas of the west and in the west of money being spent by the east. Canadians had to move about to see and learn of their fellows. Too little was heard of what eastern Canada had done for the west in the last few years and of the factories in eastern Canada which had been kept busy by western demands in earlier years.

Year after year people who had put their best in labor and money into farms and houses had sown their grain, only to see it come up a few inches and wither away under the breath of a desert wind. In the terrible struggle of western Canada with drought the houses have shown a fortitude and courage which any beyond words of praise from any man."

Opposes Padlock Law

Vancouver.—The United Church presbytery of Vancouver, at a special meeting, placed itself on record as opposed to Quebec's "padlock law" and unanimously passed a resolution urging its amendment or repeal. The resolution, which will be forwarded to Hon. Ernest Lapointe, commended the federal minister of justice for "opening negotiations with the Quebec government to have the act, known as the padlock law, amended or repealed."

R.C.M.P. Changes

Ottawa.—Superintendent V. A. M. Kemp, adjutant at Royal Canadian Mounted Police headquarters here, will be transferred to Saskatoon to take charge of the subdivision there, it was announced. He will relieve Superintendent W. Munday, who will be transferred to another post not yet selected. Several other changes in the R.C.M.P. staff were announced.

Anglo-American Trade Pact

Birmingham, England.—The new Anglo-American commercial accord was a "trade agreement pure and simple" and not a "political rapprochement meaning a sacrifice by any British industry," Captain Evan Wallace, parliamentary secretary to the Board of Trade, declared in a speech.

Cuba Lowers Tariff To Canada

Ottawa.—Cuba has extended to Canada her minimum tariff, the government was advised. For the past two years the maximum tariff, double the minimum import, has been applied to most of the goods entering that country from Canada.

"WE DIG COAL—NOT GASOLINE"

Such was the heading of an interesting article in a recent issue of the *Pernie Free Press*. It pointed out that people who live in coal mining towns, particularly merchants, who employ trucking companies to haul their freight, are lessening employment for the men on whom they depend for business. It suggested that workers would be justified in using pressure against those who are so short-sighted as to jeopardize their interests by refusing to deal with them.

The article gives a report of the experience of a mining town in the mid-western States, which had almost given up hope because of the inroads of trucking competition. A campaign was waged in favor of railroad haulage, which resulted in the mine operating on a steadier basis, and miners and their families, who were on relief, were able to earn regular wages.

It is well to give the above serious thought.

An interesting newspaper heading last week read: "Hasten to Address Green Bank Social Crediters." Well, they're all fully green when it comes to banking.

About fifty-five members of the Elk lodges of Granum and Macleod visited the Coleman lodge on Tuesday night of last week, as a return visit for Coleman's visit to those places some time ago. A very jolly evening was spent, and about midnight the gathering dispersed.

Famous Last Words: Aherhart Social Credit was going to sweep British Columbia in their last election, but got swept out itself. And, despite reverses everywhere, the Social Credit political barkers are shouting that they are going to capture Saskatchewan. The only sweeping Social Credit did was in Alberta in 1935, and when the next Alberta election comes around, Social Credit will be swept out of Alberta. Saskatchewan need not worry about Social Credit, as people are wise to it.—Drumheller Review.

The school teachers in the Alberta legislature, and among the Social Credit members at Ottawa are finding out that the answers to the problems of the day are not found in the back of the book, and that an ounce of actual experience is worth tons of book learning. Besides, when the school teacher Social Credit members get up to speak at Ottawa, it is a signal for the other members to go out for a smoke. Not being interested in their academic discussions, the other members do not even consider arguing with them, except on rare occasions.—Drumheller Review.

The Alberta Social Credit board has placed a value on every individual in this fair and sunny province of \$300,000, which means that the editor of this paper, who was actually worth four dollars and forty-two cents in developed wealth, is today worth \$300,000.42. Now, we'll have to start lending money, for that amount is far more than a newspaper man can handle properly—and, in order to ensure that the pig will not grow bigger, it will be lent interest free. Come on, boys, and have a good time. We'd never have known what real wealth was if it hadn't been for Aherhart and his Social Credit gang.

In the past couple of weeks two or three cases of suicide, among farmers have been evidenced in Alberta. And that new legislation will be to blame for more of it. Why should a farmer live under it?

Twelve orders-in-council in connection with but one Alberta act have been repealed. Looks as though, since 1935, it's such things as orders-in-council the people of Alberta have been paying for.

Meads' Bakery has purchased five new Ford V8 delivery trucks and took delivery from Calgary during the week. Three of the trucks were driven down on Monday by Bert Dryden, J. Tucker and J. W. Shields.

Miss Louise Knapman returned to Bellingham last night, following a visit to her father and sisters, Miss Lillian Knapman and Mrs. R. G. Foot. Miss Knapman occupies a position as stenographer at Bellingham.

Charles H. Knocke, pioneer railway conductor in the early days of the Crow's Nest Pass, was found dead in his home at Slaterville, B.C., near Cranbrook, last week. Death due to natural causes. He was 73 years of age. His wife passed away in November, 1933.

The vigilance of some 30 Yarmouth, N.S., Boy Scouts assigned by the police to patrol tobogganing and sledging on various hills of the city during a spring icy spell, was credited by Chief of Police Bain with averting at least two accidents. One watchful Scout leaped on a sled and turned it from the path of a rapidly approaching motor car, and another prevented a sleigh from running into a train at a railroad crossing.

It is reported in Edmonton that the Social Credit Board has been reorganized as follows: G. L. MacLachlan, chairman, to be director of legislation and technical work, keeping in close contact with Commissioner L. D. Byrne; W. E. Hayes, Stony Plain, to be director of information, having full supervision of the branches of circulation and information; A. J. Hooke, Red Deer, to be director of public relations; Floyd M. Baker, Clover Bar, secretary of the board, and a director of public relations; Dr. J. L. McPherson, Vegreville, will have special responsibility as a member of board meetings. Mr. Hayes stated that the objective of his department was to secure the publication of official statements and information concerning operations of the board without the material containing anything that would be regarded as propaganda or having a political slant.

Going Up!

By Jane Dee

UP! UP! UP! That's how skirts are going to achieve that pert Paris-like chic that is so necessary if you want to be smart this Spring. Hemlines are definitely on the rise and if you consider yourself up-to-date, you must shorten your skirts.

Look at the smart new suits; the coats are longer and the skirts shorter—at the dressy Spring coats cut with a flare of the bottom and much shorter—and the frocks, smart and youthful in the new shorter lengths. Since skirts have now UP, think how much more important your hosiery has become. Do you know the newest shades for spring and with which colors to wear them?

Of course, there are several important things to be considered. First, your height, secondly, your figure—and then the shape of the calves. These are features that play an important part in the length of your skirt. If you are in doubt as to what length your suit, coat or Spring frock should be, just write to me. I'll be glad to solve the problem because I know you'll want to have your skirts the proper length when the Spring fashion trend is UP.

Jane Dee

EATON'S

TENDERS
SEALED TENDERS, addressed to the undersigned and marked "Tender" and "Cowan Intermediate Aerodrome," will be received up to 12 o'clock noon, Eastern Standard Time, Thursday, April 28, 1938, for the Construction of an Intermediate Aerodrome at Cowan, Alberta.

Plans, specifications, labour conditions and form of contract may be seen and tender forms obtained on application to the undersigned at Ottawa, or the District Airway Engineer, Post Office Building, Lethbridge, Alberta; further detailed information, if required, may also be obtained from the District Airway Engineer at Lethbridge or the Airway Engineer at Ottawa.

Each tender must be accompanied by a certified cheque on a chartered Canadian Bank equal to ten per cent (10%) of the tender price, payable to the order of the Receiver General of Canada, which cheque will be forfeited in the event of the tenderer refusing to enter into a contract on the basis of his tender if called upon to do so or failing to satisfactorily complete such a contract. Cheques of unsuccessful tenderers will be returned.

Any tender not accompanied by a security deposit as described will not be considered.

The Department does not bind itself to accept the lowest or any tender.

GEO. W. YATES, Secretary.

Department of Transport, Ottawa, April 9, 1938.

Mr. and Mrs. C. B. Howe have returned to Yellowknife, after a visit with relatives and friends in Blairmore and Kimberley.

The Easter service at the United church on Sunday evening took the form of a song service with instrumental selections. The service was in charge of Rev. A. E. Larke. The junior girls' choir, under the leadership of Miss Lena Fraser, were assisted by the junior orchestra under the leadership of Mr. J. E. Upton. A solo, "I Know That My Redeemer Liveth," was rendered by Mrs. Hannan.

CORRESPONDENCE

It was with interest that I read about the efforts that had been put forth to obtain hard surfaced highways for The Pass, and I quite agree that there is a lot to be done before it is likely to become an accomplished fact. Also, there is no doubt that the sponsor of the suggestion of advanced purchase of license plates for the year 1939 was very sincere in his anxiety to see the roads made safe for auto drivers and pedestrians alike.

The writer goes on to say that he thinks this is a step in the right direction, and of course will meet with the approval of anyone in a position to do so, provided they are canvassed by a properly appointed committee.

The P.D.H. will continue to help and support any movement along the lines mentioned. Evidently the people who paraded from Hillcrest and Bellevue to Blairmore and return were not following the correct line, and therefore cannot expect any support from the P.D.H., because they asked that the money already collected by the provincial government for licenses and taxes be used for the purpose in the year in which it was budgeted, and that each locality receive the quota in fair proportion that same year.

We would remind the P.D.H. that the provincial and federal governments are not likely to look with disfavor on any suggestion of payment of taxes or licenses in advance. In fact, it might even occur to them that a certain section of the community was not taxed in proportion to their ability to pay, and rightly so, accordingly.

It is only a few months ago that a petition was handed to the Blairmore town council, asking for the removal

of the business tax, and it is quite apparent now that the council acted correctly in disapproving of the suggestion. Signed: J.A.P.

Ernest McEwen has returned to town after spending the winter months with his mother and son Sandy at Gibson Landing, B.C.

C. J. Tompkins, of Blairmore, district deputy, and F. O. McKenna, of Pincher Creek, state deputy, paid an official visit to Calgary last week for the purpose of installing the officers of Calgary Council of the Knights of Columbus. They were accompanied by J. F. Smith, of Lundbreck, who acted as district deputy warden.

AND HITLER KILLS SCOUTING IN AUSTRIA

As anticipated, one of the early acts of Hitler in assuming control of Austria was to disband and prohibit the Austrian Boy Scouts Association, the Oesterreichischer Pfadfinderbund. In the past Austrian Boy Scouts and leaders have figured prominently in international Scout gatherings.

Hitler and Mussolini are to stage an "at home" some time in July. Invitations have been sent to the faithful in various countries, including Alberta. But it will cost just as much to be represented there as at the Coronation.

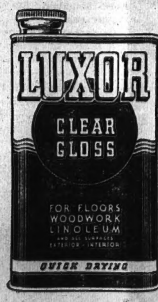

FANTIN & DEZORZI, Agents, BLAIRMORE, Alta.

When Cotton Goods Had to be Imported

A FEW HUNDRED YEARS AGO in England, only the rich could afford to wear clothes made of cotton. They were an expensive luxury because there was no spinning and weaving industry in England. Cotton goods had to be imported.

BUT WHEN the English people themselves began to spin and weave, the price of cotton goods came down. After a time, even people of ordinary means could afford to buy cotton shirts and dresses.

IN CANADA we have had the advantage of possessing our own cotton textile industry for nearly one hundred years. There are now 42 mills in 27 towns of the Maritimes, Quebec and Ontario. More than 21,000 men and women find steady, year-round employment in producing cotton yarn and cloth. Last year they spent over \$13,000,000.00 in wages—much of it going to buy the products of Western Canadian farms.

Western Division

DOMINION TEXTILE COMPANY LIMITED

358 DONALD STREET :: :: WINNIPEG

Tomorrow, Saturday, April 23rd, will be observed as St. George's Day. Saint George is the patron saint of England, but little is known of his life. Legend says that he was born in Palestine and educated at Cappadocia, and that he suffered martyrdom there, supposedly on April 23rd, A.D. 303.

Wonder if there is any other would-be martyr in Alberta who would suffer what Aberhart suffers for the same paltry income. There's many a miner in this district with even a more robust constitution, who has got to exist on one twenty-eighth of the income, and sweats in the inherited resources—not in the mine.

It was remarked the other day that the first sod was turned on the Blairmore golf course on March 17. And the guy is still wondering how he missed that ball.

Elsewhere in this issue will be found the announcement that Safeway's local store will definitely close tomorrow, Saturday, evening. We understand that the balance of stock has been sold to local district merchants. Mr. Leonard McDonald, who for some considerable time has been manager of the local store, will move to Calgary, probably within the next week. Mrs. McDonald preceded him to the city last week.

COWLEY HAPPENINGS

Murray McCabe, of Grand Forks, B.C., is paying a visit of several days with Mr. and Mrs. H. C. Morrison and family.

Mr. and Mrs. Earl Matthews and Elaine were Sunday visitors with relatives in Claresholm.

Mr. and Mrs. Gray, of Calgary, were week end guests of Mr. and Mrs. Harry Smyth.

Mrs. Lou Lemire and her three children are spending the Easter holidays with relatives and friends in the Macleod district.

Mr. and Mrs. Hector Lemire and their three children were week end visitors to Macleod.

The Ladies' Aid were entertained by Mrs. J. R. Wood at her home on Thursday afternoon, the 14th. There was a good attendance.

Miss Dorothy Wood entertained at tea at her home on Thursday afternoon of this week.

Mrs. Eddie Smyth is a patient in St. Vincent's hospital in Pincher Creek.

Miss Clare Bundy, who is attending high school in Edmonton, and Jack Bundy, who is attending the school of technology and art in Calgary, were home for the Easter vacation.

There was an attendance of 43 at Sunday school Easter Sunday. Special music was rendered by the choir, and especially pleasing was a solo, "In The beautiful Garden of Prayer," sang by Orin Burkhardt, playing his own accompaniment on the banjo.

Rev. R. Upton, of Bellevue, held Easter services in the United church on Sunday, when special music was much enjoyed. A large congregation attended.

Mr. and Mrs. Schumacher, of Claresholm, have returned to their home after visiting with the Matthews here.

Mrs. Arthur Tustian entertained the Cowley bridge club at her home on Tuesday evening.

The Ladies' Aid of the United church held a very successful tea and apron sale on Saturday afternoon. There were also booths of home cooking, and a miscellaneous sale of surprise boxes. The tea room was tastefully decorated with beautiful bouquets of pussywillows, tulips, sweet anemones and other gay spring flowers. Around \$30 was realized. The guessing contest prize was awarded to Miss Winifred Porter.

BELLEVUE HAPPENINGS

Jack Milnes, Doodles Milvain, Mattie Parker and Stanley Goodwin were Calgary visitors for a few days, attending the Allan Cup hockey games.

Miss Margretta Williams, of Calgary, who has been visiting her sister, Mrs. A. R. Granger, in Blairmore, was guest of Mrs. E. C. Cosstick here for a day or so.

Miss Stella McDonald, teacher at Saunders Creek, spent a few days at her home here.

J. Dowson and son Joe were week end visitors to Calgary, where they took in Saturday's hockey game.

Mr. and Mrs. C. W. Johnson and daughter Marion were Easter visitors to Cranbrook.

Mrs. McIntyre, senior, is visiting at the home of her daughter, Mrs. Dave Hutton.

Tony Schneidl is spending the Easter holidays in Calgary.

Mrs. Henderson, of Lethbridge, spent several days visiting at the home of Mr. and Mrs. John Curry.

Miss Esther Chiarovano, who is teaching out of Taber, spent the Easter holidays at her home here.

J. Bovio and his daughter, Mrs. Joe Kikosky, of Blairmore, left last week end for a visit to Vancouver.

Mrs. Gordon McIntyre, of Lacombe, is visiting for a few days here with her parents, Mr. and Mrs. Dave Morris.

Mr. and Mrs. J. Tucker and sons, Jack and Gordon, were visitors to Calgary on Monday. Mr. Tucker drove one of the new Ford V8 delivery trucks back for Meade's bakery.

Miss Elsie Wolney, who is attending the technical school in Calgary, spent the Easter holidays at her home here.

Mr. and Mrs. Harry Meade returned from Honolulu on Wednesday. Among the normal students spend-

ing the holidays at their homes here are Dorothy and Alex. Cosstick, Dan Sandulak and Frank Sioff.

Mrs. Charlesworth, senior, was a visitor to Calgary during the week.

Mr. and Mrs. J. B. McLeod were Calgary visitors for a few days.

Mr. and Mrs. Hillary were in Calgary for a few days, where they had taken their daughter, Mary, to consult a specialist.

Miss Marie LaForte, of Medicine Hat, is spending the Easter holidays at the home of Mr. and Mrs. D. Morris.

Misses Grace and Isa Penman are business visitors to Calgary.

Mr. and Mrs. M. D. McEachern and son Frank left Saturday morning for Edmonton, where Mr. McEachern's mother is ill.

Miss Kathleen Cosstick, who is teaching north of Lundbreck, is spending the holidays at her home here.

J. Radford has purchased a 1938 De Luxe Dodge sedan of a dark maroon color.

Mr. and Mrs. Wm. Hampson and family have taken up residence in Calgary, going up there on Wednesday.

H. Barlass, P. Scodellaro and Bill Cousens took in the Allan Cup final at Calgary on Wednesday night.

Rev. R. Upton and family left by car Tuesday morning to spend a brief holiday in Calgary and Edmonton.

HILLCREST HAPPENINGS

Mr. and Mrs. C. Rhodes, of Champion, were Easter visitors at the home of Mr. and Mrs. P. Stefano here.

Miss Bessie Davies is spending the Easter holidays in Calgary.

Mrs. W. Rose left Friday last for England, where she plans on spending several months with old friends and relatives. On the way she spent several days with her son Walter in Saskatoon.

Mr. and Mrs. W. Adlam and family were Cranbrook visitors on Sunday.

Miss Jean Cruickshank, who is studying music at Calgary, and Mr. E. Cruickshank, who is teaching at Staveland, are home for the Easter holidays.

A. W. Chrysler, of the local teaching staff, is spending the Easter holidays in Calgary, and incidentally attending the teachers' convention.

Bessie Stainsby is visiting for a few days with her father in Cowley.

Margaret Adlam, who is attending convent school at Pincher Creek, came home for the Easter vacation.

James Marshall was down from Calgary to spend Easter with his parents, Mr. and Mrs. S. Marshall.

A very successful whist drive was held in the Catholic hall on Thursday evening by the intermediate hockey club. Ladies' first prize was won by Mrs. A. Lazarenko, the gent's by Mrs. L. Martin.

Mrs. John Mansell left Tuesday for an extended visit to England. She was to be joined by Mrs. W. Rose at Winnipeg.

Leonard Scott is spending the Easter holidays with his parents at Pincher.

Mr. and Mrs. A. Petrie and family were visitors Saturday to Lethbridge. Miss Eva Sharetta is a visitor to Trail, B.C.

Miss Alice Greener, teacher at Carmangay, spent the Easter holidays at her home here.

Mrs. Krupper, of Drumheller, is visiting in Hillcrest with her daughter, Mrs. A. Karlner.

Cyril Richards spent several days this week in Calgary.

At the Easter Sunday service at the United church, several selections were rendered by the Moser string quartet, and several anthems by the junior choir. Albert Christie officiated at the organ, with the pastor, Rev. John Wood, in charge of the service.

Mrs. Shelby, of Milk River, is visiting at the home of her parents, Mr. and Mrs. W. Greener.

Miss Margaret Grant was a visitor to Calgary this week.

Rev. Father Welland, of Calgary, conducted Easter services at the local Catholic church.

Nurse Tarant, of the local hospital staff, is holidaying at her home in Drumheller, and is being substituted

by Mrs. A. Charlesworth, junior, of Bellevue.

Little Susie Doreen Currie entertained a number of little friends Monday, in celebration of her sixth birthday.

Peter Iwasluk, who is attending normal school at Calgary, came home for the Easter vacation.

Peter Mathias, who sustained serious injuries in the mine last week, is progressing favorably under the care of Dr. G. B. Rose.

Miss Isabel Westrup, Mr. and Mrs. W. H. Moser and Lawrence Fisher took part in a recital at Lethbridge on Tuesday evening. The recital was held under auspices of the Women's Musical Club.

Mr. and Mrs. George Turner, of Michel, were visitors last week end at the home of Mrs. L. Martin.

Able has been advised by our neighbor province to the east that if he wishes to go in there to introduce his fool Social Credit, he'll have to finance himself or find the where-withal. That simply means that Able and his gang will not venture into Saskatchewan, for they cannot use Alberta funds for such purposes. It also means that Able's dream of becoming a generalissimo of three provinces in Canada will never come true.

Should William wake up and find that he has a prosperous farm in Alberta, that new agricultural products act would quickly be repealed.

They're making coffee from dandelions now in the hope of reducing waste. We'd suggest that the Alberta government use dandelions as a brain cure—it might help them to reduce wastes, also.

THE NATIONAL WALL COATING

The League Of Nations

Sir Edward Grey Gave The Idea To Woodrow Wilson

It is not generally known—the fact is recalled by the death of Colonel House—that the idea of a League of Nations first came from Sir Edward Grey, then Foreign Minister for Great Britain. It was in 1915 that the Colonel, as emissary of President Wilson, went to Europe to try to end the war, and in January of that year he had a talk with Sir Edward. The American negotiator, records the Toronto Evening Telegram in a readable article, had the notion that settlement might be reached if Great Britain would concede the "freedom of the seas," and the British minister said that, to guarantee post-war peace, the United States should take part in some general guarantee. Dr. Seymour, the Colonel's chosen biographer, says: "Through Colonel House, Grey's plan was ultimately impressed on President Wilson, and was finally translated into the Covenant of the League."

Dr. Seymour's book was based on the documents and records which the Colonel gave to Yale University, and it was written with the diplomat's permission. The documents debunk many legends about Wilson, and one about the Colonel. The latter is that he was a man who never violated a confidence. Many of the records were of confidential conversations and the publication of these while many of the principals were still alive was not exactly discreet. At the same time it indicates that, though the Colonel liked to work behind the scenes, he was not as modest as he has been sometimes considered.

Joke On Bag-Snatcher

Man Found Four Dead Kittens Constituted His Haul

A bag-snatcher on Blackfriars Bridge, London, was a very disappointed man when he examined his haul. Inside the bag were four dead kittens. The woman who had been carrying the bag intended to throw them over the bridge into the Thames. As she was walking slowly over the bridge a car drew up, a little man leapt out, grabbed her bag, leapt back into the car and drove off.

One of the most cunning of all the wolf tribe, the coyote, shuns traps and poison, and thrives on land opened up by the white man's axe.

The Neanderthal man, first passably human creature known, had only a suggestion of a chin.

TOT'S FROCK OFFERS TWO VERSIONS! By Anne Adams

Just right for a small girl to wear for everyday or dress-up is this delightful young frock! Miss "Two to Ten" will certainly be proud of this fetching style—and Mother will be pleased with the ease with which she can make up Pattern 4752. Do note the neat panel, brief sleeves, Peter Pan collar, and two little pockets! All this youthful flattery is accented by dainty bows and ruffle trimmings! Make young Mary-Anne a second version, too, with colorful tie-dye and a simple neckline. For fabric, chambray or dimity would prove dainty—while wispy would serve beautifully for dress-up.

Pattern 4752 is available in children's sizes 2, 4, 6, 8 and 10. Size 6 takes 2½ yards 36 inch fabric and ¼ yard lace edging. Illustrated step-by-step sewing instructions. Send twenty cents (20¢) in coins (stamps cannot be accepted) for this Anne Adams pattern. Write plainly: Size, Name, Address and style number and send order to the Anne Adams Pattern Dept., Winnipeg Newspaper Unit, 175 McDermott Ave. E., Winnipeg.

Huge Illuminated Map

Being Prepared For Canadian Pavilion At Glasgow Exhibition

A huge map of Canada, covering 600 square feet, is being prepared for the Canadian Pavilion at the Empire Exhibition to be held in Glasgow, during the summer.

The map will be on plates of burnished copper from Canadian mines, and by operating switches visitors will be able to light up the scenes of various features of Canadian life, such as mines, outposts of the Mounties, aerodromes, cities, and so on. There will be pictures of the chief buildings of the bigger cities. The map is said to be the biggest illuminated map in the Empire.

Customer: "I've come back to buy the car I was looking at yesterday." Salesman: "Fine. Now tell me what was the one dominating thing that made you decide to buy this car?" Customer: "My wife."

FLIN FLON

"The Story of Its Finding and Position To-day"

By PRATT KURN

THE VALUE OF FLIN FLON TO MANITOBA AND SASKATCHEWAN

Remember we found that merely to put the mine into production took thirty millions of dollars, much of which was put into circulation in the two provinces in the shape of wages and purchases of supplies. To-day the mine employs 1,720 people, and remarkable as it is, true, over 640 of these are from Manitoba and Saskatchewan, with 280 more from other parts of Canada, and 343 from the British Empire (other than Canada). This makes over 75.5 of all employees recorded as British subjects. Of the total staff nearly 1,000 are married; and that accounts for the splendid town, nearly 7,000, that has grown up, equipped with schools, community halls, and every known organization such as Elks, Kiwanis, Rotary, Reglar Fellers, Masons, etc., etc.

Mining development on a sound scale thus means attraction of capital and steady payrolls. It's a backbone to the agricultural sections of the province and provides a market, increasingly important, for the farm produce.

I just ran across a note clipped from a business paper in 1928, which shows another angle to what Flin Flon means to Manitoba at that time. It reads as follows:

"What mining means to the country at large was vividly portrayed in 1927 by the simple announcement that Canada Cement Company would make a million dollar addition to their Winnipeg plant to handle orders from the Flin Flon Mine and Power Plant."

Remember, too, that the distance from Flin Flon, Manitoba, to Rouyn, Que., is greater than half way between the Atlantic and Pacific ocean and that this field contains almost all the minerals known to man. What wonderful possibilities there are! And ever since 1930 the Flin Flon has been turning out millions of dollars in copper, zinc, gold and silver and paying out millions in wages, for supplies and taxes to both provinces, and the Dominion.

With Or Without

Detroit Church Took Vote On Services And Sermons

The New Gutlook says a Congregational Church in Detroit has been trying the experiment of an occasional "sermonless service" of worship. The pastor asked for a plebiscite on the subject, the vote to be for "sermons regularly, sermonless services without sermons." Fifty-four per cent. of the congregation voted for sermons regularly without intermission, 42 per cent. for the occasional sermonless service, and three per cent. would cast out the sermon from all services.

Making Clock Modern

A turret clock near the main entrance to the Port of London Authority's Cutler-street warehouses, made by John Thwaites, of Clerkenwell, in 1801, is being fitted with a small electric motor to replace the old weights and pulley mechanism.

Canadian merchandise imported into Northern Rhodesia in 1936 to the value of over \$300,000, included among other things, a considerable amount of agricultural machinery and preserved vegetables.

Kruger National park in South Africa now has about 450 elephants.

SUNDAY SCHOOL LESSON

RECEIVING VISION FOR SERVICE

Golden text: This is my beloved Son; hear ye him. Mark 9:7. Lesson: Mark 9:7-10. Devotional reading: Hebrews 1:1-9.

Explanations And Comments

The Transfiguration, Mark 9:1-8. About six days after Peter's avowal at Caesarea Philippi that Jesus is the Christ, and Jesus' announcement of his coming crucifixion, Jesus took his three favored disciples, Peter, James and John, and ascended a high mountain where they could be "part by themselves." Dr. A. B. Bruce reminds us that the Gospel historians are not wont to be so careful in their accuracy here as in their accounts of the more important events of the life of Jesus. While the foregoing communications were fresh in the thought of all, the wonder was that they were now about to relate took place. The late is, in fact, "a fingerpost pointing back to the conversation on the passion and saying, 'If you desire to understand what follows, remember what went before.'"

There on the mount Jesus was transfigured before them. The fashion of his garments was altered (Luke 9:29); his face did shine as the sun (Matthew 17:2). Jesus had been praying, and the Father had been speaking to him. John G. Paton in his autobiography speaks of the wonder and awe with which he and his fellow workers had seen the face of Jesus shine after a notice of seclusion when he had been talking with God, and yet still the face of Jesus shone after he had been in communion with God on Mount Sinai. We can readily understand that Jesus could be exalted in spirit, a new light would shine from his face, and his whole aspect would be changed after hours spent in prayer. Was it glory, shining upon him from within, or glory shining through that the disciples saw—who shall say? His very garments glistened with a radiance which they could not see. (A fuller is one who fulfills, thickens, by molten, beating and pressing cloth.)

While they were speaking there came a cloud that overshadowed them, and a voice from the cloud was heard proclaiming, "This is my beloved Son; hear ye him."

Gardening

A brown or green-stained window box overflowing with gaily blooming flowers is easily produced. This sort of window box is highly intensive and so a very rich soil should be used, and in addition a fairly frequent application of fertilizer during the season. The box must be of fair depth, at least seven inches of soil being exposed. Being exposed, it is liable to drying winds, a thorough soaking once a day is advised.

There must be holes in the bottom of the box to provide drainage, and also a layer of gravel, clinders, broken pottery or other material for the same purpose. Along the front, trailing Nasturtiums, German Ivy, Lobelia, Abies and similar plants are put in, with Petunias, Ageratums, Begonias, Ferns, Geraniums and any other plants especially recommended for this purpose farther back. Shelter from the sun for a day or two should be provided until the plants get established. The same treatment and planting materials will be used with hanging pots.

Tender vegetables are those which grow quickly. Especially with such things as radish, carrots and beets, is slow growth disastrous as the roots become woody and filled with objectionable fibres. But this rule also applies to those things used for salads. On this account experts advise pushing growth with frequent cultivation, which in addition to checking weeds also conserves moisture. Cultivation alone will often keep the vegetables going through a dry spell but, of course, a few pails of water or a hose or two with the hose at this time will tend further aid. Where the supply of water is not so convenient as it might be, it is a good plan, in laying out the garden, to plant those things most in need of extra moisture, such as radish, lettuce and celery, closest to the pump. Fertilizer is another way of hurrying growth and therefore assuring vegetables of the highest quality.

When an abundance of flowers for bouquets are wanted, experienced gardeners often grow these in a special place. Usually a portion of the vegetable patch or a row at the back may be reserved for this purpose. Some well designed beds of mixed annuals are spoiled if too many flowers are picked and then again there are certain things like sweet peas, for instance, that have little attractive foliage but beautiful blooms.

Queen Mary Visits Museum

Asked To See Regalia Worn By Prince Of Wales

For a moment Queen Mary stood before the regalia which her eldest son, the Duke of Windsor, wore when he became the Prince of Wales. Visiting the Welsh national museum, the Queen Mother asked especially to see the purple velvet and ermine robe with gold chaplet, sword, verge and ring in which Edward was invested in 1911 at Carnarvon.

She looked in silence, then turned away.

A hamlet isn't a hamlet legally until it has a cock, a chum, a bull, a cat, a herdman, a kiln and a plow, according to an old Welsh law.

Health LEAGUE OF CANADA presents **TOPICS OF VITAL INTEREST** by **Dr. J. W. S. McCULLOUGH**

Editorial Note: Readers desiring the complete set of Dr. McCullough's cancer articles at once may secure same by writing to: The Health League of Canada, 109 Bond St., Toronto, Ont.

Presented At Court

U.S. Ambassador Dashes The Hopes Of American Girls In London

Joseph P. Kennedy, United States Ambassador to the court of St. James, dashed the hopes of hundreds of United States debutantes by announcing that the number of American girls presented to the King and Queen would be drastically reduced.

He said he considered "undemocratic" the practice of U.S. ambassadors in selecting every year "a small number of young ladies from a long list, very few, if any, of whom he has ever seen."

Accordingly, he said, he had decided to confine presentations to the daughters of U.S. officials in Great Britain and to members of American families who are domiciled in Britain.

Mr. Kennedy reported the Court was ready as always to receive as many American women as in the past.

He said the embassy for many years had presented "between 20 and 30 annually. The average, he added, was "twice as great as the number of ladies presented by all the other diplomatic missions together."

Surveys From Air

Have Been Helpful In Rehabilitation Work In Drought Areas

Air surveys are proving remarkably helpful in rehabilitation work in the drought areas, says Dr. E. S. Archibald, superintendent of experimental farms. These surveys are used both in water development and in the economic survey.

In the year two planes were used and 32,000 pictures were taken from the air. The extraordinary feature of this work is that pictures looking vertically downward can, by means of the use of the stereoscopic, show with almost absolute accuracy every gulch and change of contour. The pictures can be re-charted to show elevations of one or two feet. By means of an oblique picture the percentage of crop and non-cumulative can be accurately shown.

This year 20,000 pictures will be taken from the air for water and economic surveys.

Book Disrupts Family

Several Members Claim They Own Valuable First Edition Copy

Sealed in a safe at Surbiton, England, is a first edition copy of "Alice in Wonderland," that has disrupted a family. Its value is placed as high as \$5,000 by experts. Miss Spencer of Fingering thinks it merely an old and only slightly valuable copy of the immortal classic, gave it to the library at Surbiton. When an expert ran across it he rushed to the librarian with the news. It was withdrawn from its shelf and Miss Spencer was informed. Two other branches of the family, one represented by Miss Spencer's seventy-year-old aunt, disputed her claim to the book. Lawyers are trying to unravel the claims with a fair prospect of settlement out of court.

Ancient Trumpet Call

Will Be Heard From Polish Building At New York Fair

The historic Polish trumpet call known as the hejnal will be repeated each day at noon from a medieval tower which will surmount Poland's building at the New York World's Fair next year. The call always signified the beginning of a new day in the year 1241 when the Tartars invaded Poland. A trumpeter sounded the opening notes of a call to arms, but was cut short when an arrow pierced his throat.

The house of lords may transact certain business when there are only three members present, not necessarily including the lord chancellor.

Death rides the highway: When drink takes the wheel. 2251

Doctors Short Lived

Ministers, Judges And Educators Seem To Be In Preferred Class

In New York City it has been found that retired public school teachers live so much longer than anticipated under a salary pension schedule of eleven years ago that the contributory levies will have to be much increased. Ministers, judges and educators seem to be in the preferred longevity class, whereas doctors, who of all others should best know the health rules, have a low expectancy rating.—Brantford Examiner.

"The strongest wind won't blow this powder from your face," says a beauty products advertisement. But it only takes a tiny puff to put it there.

Third largest of the seas of the world, the Baltic, has an average depth of only 900 feet.

One of the most ingenious methods of pilot training in the history of aviation has been installed by the Trans Canada Air Lines, Winnipeg, for the training of their pilot personnel. It is the "Link Trainer" and resembles a miniature plane, but contains all the dials and gauges necessary to get the pilot's fullest reaction to instrument and head flying. Every pilot in the service will undergo periodical and regular sessions in the Link Trainer. Picture No. 1 shows the Link Trainer, and the hood which folds down over the pilot's head. No. 2 shows the pilot seated at the controls with his hand alone ready to catch the radio beam signals. No. 3 shows the operator watching the mechanical "crab" which faithfully records on a chart every movement the pilot makes in his "trip" over any specified territory. Through the telephone the instructor can check quickly with the pilot. In the centre is the Trans Canada Air Lines "Flying Maple Leaf" which appears on the nose of all company machines.

Typical FARM LOANS we have gladly made under the HOME IMPROVEMENT PLAN

Progressive farmers all over Canada are using Home Improvement Loans to repair, extend and improve their homes, barns and other buildings. The examples shown are picked at random from loans already arranged through The Royal Bank. The Manager of your local branch will be glad to discuss a loan with you. Drop in next time you are passing.

Local and General Items

The Editor will be pleased to receive items for this section, regarding visitors entertained, parties leaving for holidays or short trips, bridge parties, teas, etc. Please items in to 31 or hand them in at The Enterprise office no later than Wednesday evening.

Miss Irene Chappell spent the Easter holidays visiting in Coadale.

W. G. Moffatt, schools music instructor, spent the Easter holidays at Claresholm.

Premier Mackenzie King's home is in Ottawa. Premier Aberhart's is in Vancouver.

Never go around with a married woman, unless you can go two rounds with her husband—Rev. XXIII, 1.

Did you hear President Roosevelt on the air on Thursday night? What a difference from Able's guff!

The latest political slogans in sunny Alberta: "Sing While You Work—for Aberhart" and "Whistle While You Wait—for Dividends."

Mr. and Mrs. C. Lynch-Staunton, after spending the winter months at Pincher Creek, have returned to their ranch north of Lundbreck.

Miss Geraldine Frey, of the local teaching staff, spent the Easter vacation with her parents at Pincher Creek.

"Dancing is as old as man," says a writer. "Adam, it will be recalled, attributed his downfall to the 'Big Apple'."

Jimmy Jemson, who played hockey with the Coleman Canadians last season, has signed on with the Lethbridge Maple Leafs for next winter.

If copies of the new Farmers' Production Tax Act were distributed broadcast throughout Saskatchewan, it would sure kill Social Credit's prospects there.

The local union of the U.M.W. of A. unanimously endorsed the action of the policy committee of District 18 in holding out for a twenty per cent increase in the new wage agreement.

The Lethbridge Herald has it that Miss Lucy Harmer, of the Lethbridge "hello" staff, is being transferred to the staff of the Blairmore telephone central.

Mr. and Mrs. Dawson, of Woolford, Alberta, paid a visit to the latter's father here last week end, Mayor E. Williams. They were returning from a visit to Wyndell, B.C.

Mr. D. Morgan and Miss Megan, who had been visiting their parents here, Mr. and Mrs. E. Morgan, returned north on Monday, the former to Edmonton, the latter to Cayley.

Teacher Blackmore should have learnt something by now down in Ottawa. He should come back and give Maynard, Low, or some other guy an opportunity to go to Ottawa for a similar brush up.

Unnoticed by himself, of course, but a radio announcer at Saskatoon on Wednesday night of last week referred to Trail's Allan Cup team as the "Chicago Black Hawks." They're just as good, anyway.

Dr. W. G. Hardy, of Edmonton, has been elected president of the Canadian Amateur Hockey Association, succeeding Cecil Duncan, of Ottawa, who has held the position for the past two years.

Can the date of Easter be changed without consent of Alberta's dictator? Alberta is a Sovereign State, you know, and one of the caucuses should seriously consider the purchase of a crown.

Travellers' baggage valued at \$6,569,888 was brought into Canada duty free by returning Canadians under the one hundred dollars exemption clause provided in the customs tariff during the eleven months period from April 1, 1937, to February 28, 1938. Of this total, goods from the United States alone amounted to \$5,785,970, the remainder, \$783,918, coming from all other countries.

Joseph McDougall returned from Edmonton last week end.

A year ago Social Credit Group No. 2 asked for Aberhart's resignation.

Dr. T. R. Ross, of Drumheller, formerly of Coleman, has been on the sick list of late.

Wonder how many farmers in Alberta feel like joining Aberhart in his "Cheerio!"

If Social Crediters are not desirable in Saskatchewan, why not keep them out!

Mr. and Mrs. T. Kemp and Mr. and Mrs. W. Robbins are visitors to Lethbridge this week end, to attend the funeral of Lorne Birth.

The real reason why a Scotchman is so good at golf is that he realizes the fewer times he strikes the ball the longer it will last.

Mrs. Bert Fisher and young daughter were down from Kimberley this week on a visit to relatives and friends in Bellevue and Blairmore.

Bill Duncan, Bill Evans and Bill Bartlett attended the big hockey game in Calgary on Monday night, returning home Tuesday.

Wednesday, April 6th, was the 74th anniversary of the loss of 26 sailing vessels that comprised part of the Newfoundland sealing fleet in 1864.

Mr. and Mrs. Tommy Allen and two sons went in to Calgary on Wednesday and attended the hockey game that night, returning home Thursday afternoon.

Sheep passing through Blairmore this spring will miss the toothsome delicacies enjoyed the previous two years off the Blairmore Tim Buck Boulevard.

"God sent Christ to save the world. And God sent ME to save Alberta!" Did you hear that one on the air? Once again it's "Me and Gott."

Sheep men are rushing their flocks to the foothills for pasture, and hope to get them there before lambing time. One flock of about 1500 is near Lundbreck today.

Herbert Buntain, student minister of New Glasgow, N.S., has been assigned the pastorate of the Presbyterian church at High River until the college at Montreal reopens.

Alvin Gois, 60, farming with his brother Emmanuel a few miles north of Lundbreck, passed away last week. The remains were laid to rest in Livingstone cemetery on Thursday afternoon, Rev. R. Upton, of Bellevue, officiating. Gois was a native of Belgium, and came to Canada thirty-four years ago, settling with his brother on the farm near the John Ross ranch.

FOR SALE—Bicycle, B.S.A. for sale cheap for cash. Like new, newly tired and mechanical condition perfect. Owner going to Vancouver so act quickly. Apply to JIM CARNATH, Jr., P.O. Box 577, Fernie, B.C.

TENDERS will be received by the undersigned up to noon, April 25th, 1938, for the following car: 1927 Chevrolet Coach. Further particulars may be obtained from the R.C.M.P. (Sgd.) R.C.M. POLICE, Blairmore.

MEN! IF YOU'RE WEAK, WORN-OUT, try raw oyster invigorators and other stimulants in new OSTRIX Tonic Tablets. Pep up rundown body. If not delighted, make refunds price, \$1.25. Call, write Blairmore Pharmacy.
